Mission and Goals

A. The **mission** of the Livingston County Library is to provide quality materials and services that fulfill the educational, informational, cultural, and recreational needs of the entire community in an atmosphere that is welcoming, respectful, and comfortable.

B. The **general library goals** of the Livingston County Library are:

1. To serve all residents of Livingston County and the surrounding region.
2. To acquire and make available to all residents of the above area such books, periodicals, e-Resources and other Board approved services that will address their needs to a) become well informed, b) locate answers to questions, c) cultivate imagination and creative expression, d) develop skills for career and vocational advancement, and e) enjoy leisure using reading and other media services.
3. To provide the most frequently requested materials either through purchase or interlibrary loan.
4. To continue to train staff on new methods of service delivery and standard library practices.
5. To review regularly these goals of the Livingston County Library and, as necessary, revise them in light of new developments.

C. Lending Policies

The Livingston County Library recognizes its role in maintaining an informed citizenry and makes the entire collection accessible to all persons. Any visitor may access materials or services not requiring a library card. Persons with a Livingston County Library card receive the full benefit of the collection and services offered. See Appendix A for the complete Lending Policy.

D. Patron Behavior

The Library attracts persons of all ages and backgrounds who choose to utilize it in a variety of ways. If a patron disrupts library activities or disturbs other patrons, employees of the Livingston County Library may request that the patron leave. See Appendix B for the complete Patron Conduct Policy.

E. Selection Policies

The Livingston County Library does not promote particular beliefs or views, and neither does it endorse any particular item contained in its collection. Resources are provided so that an individual may examine issues freely and make his or her own decisions and the library makes no judgment as to the suitability of the materials, information or services for any of its patrons. Access is provided to all materials and services with the expectation that individuals or parents are the best judge of suitability for themselves or their children.

The library will provide, as far as possible, materials on all sides of controversial issues, materials that give evidence of a sincere desire to be factual, and that show the results of careful study. Materials that serve the purposes of the library, meet required standards of quality, and relate to an existing need or interest, will not be removed from the collection because of pressure by groups or individuals.

The necessity for careful evaluation and selection of materials is keenly recognized. Those responsible for selection shall maintain an adequate balance between basic, permanent value materials, timely materials presenting varied points of view on current issues and problems, and purely recreational materials.

The Livingston County Library uses the following criteria for the selection of materials, information or services, without regard to format:

- The Community
- The merit of the material - its format, educational significance and the quality of writing
- The physical limitations of the facilities
- The need for additional material on a subject
- The author's reputation and significance as a writer
- The scarcity of material on the subject
- The timeliness or permanence of the book
- The appearance of the title in special bibliographies or indexes
- The authoritativeness and/or intent of the author
- Readability and popular appeal
- Budgetary considerations

Adult materials are selected for the mature reader. Adult fiction is selected for its appeal to members of the community and its quality as literature. The library attempts to provide a wide selection of standard fiction titles as defined in recognized bibliographies as well as the best current titles. Nonfiction items are selected in an attempt to educate and inform readers, some of these titles are also appropriate for younger readers, in particular, young adults doing research for school projects. Items of lasting interest are preferred, but it is recognized that titles of current interest are also appropriate purchases.

Young adult materials are selected to contribute to the development of well-rounded citizens; alert to the problems of the community, the country, and the world. Titles written specifically for young adults are naturally included. Since teenage readers vary widely in ability and background, the books selected for titles are purchased in the hope that they will lead to continued reading in adult fields on as high a level as possible for each individual.

Children's materials are selected to include the best available titles of fiction and non-fiction for ages birth through sixth grade. Works will be chosen that enhance the intellectual, cultural, social and ethical development and growth of the individual child. Materials should reflect the pluralistic character and culture of American society. Such a collection should provide a background for the development of critical reading and thinking in addition to recreational reading.

E-Resources are an important component of the materials we provide to our patrons. E-Resources are selected based on the same criteria as print resources. In some cases, though, because of inclusion in consortia agreements for e-Resources, local control of selection is not an option.

Items regarded as special materials, which are not intended for the general public, are not purchased. These items include textbooks, professional support materials or technical manuals.

The Livingston County Library maintains 3 collections of historical value. The Livingston County History and Genealogy Collection is intended to preserve materials on the history and genealogy of the county. Efforts will be made to collect all items of significant value, with priority given to published items. The Missouri History and Genealogy Collection which is housed in the Genealogy Room is intended to preserve materials about the history and genealogy of Missouri. Priority goes to materials in the following order: 1) histories of families within Livingston County; 2) materials from counties or areas within counties contiguous to Livingston County; 3) regional materials; and 4) materials that cover the entire state. The secondary purpose of this collection is to preserve materials about the history and genealogy of Missouri counties other than Livingston County and contiguous counties and states other than Missouri. Priority goes to materials covering Missouri, followed by materials about other states. The Archives is intended to preserve the following: 1) financial and other records of the Livingston County Library; 2) unique items about Livingston County people, places or events, or significant publications of Livingston County residents; and 3) documents of Livingston County clubs or organizations. The size, type, and amount of these documents will be determined by the amount of space available.

Due to space limitations, the Livingston County Library can no longer serve as a repository for materials from clubs and organizations within Livingston County. No such material will be accepted at this time.

F. Challenged Materials

It is recognized that an individual or organization may object to an item that has been selected for the library. It is the policy of the Livingston County Library that it maintains materials that are significant regardless of the opinion, origin, or background of the author. The Director shall review the item and determine if it should remain in the collection. If the complainant does not agree with the decision of the Director, a formal complaint may be filed with and reviewed by the Board, whose decision is final. (See Appendix C - Request for Review of Library Materials).

G. Gifts and Donations

The policies which apply to the selection of purchasing materials also apply to

materials that are donated to the library. Once an item has been donated, the director shall determine whether it will be added to the collection or discarded. Items not added to the collection may be donated to the Friends of the Library or other local organizations.

H. Weeding Policy

Weeding is a continuous process by which materials no longer useful are removed from the collection. The most obvious candidates for weeding are those materials that are irreparably damaged, outdated, or no longer circulating. This process is necessary if the collection is to be kept fresh and current. This also ensures that library space is utilized in the best and most economical way. Items that have been withdrawn from the collection may be donated to the Friends of the Library or other local organizations.

I. Meeting Rooms & Equipment Use

The Livingston County Library provides meeting rooms during library hours to persons or groups which are not-for-profit. All meetings must be open to the general public. (See Appendix E for guidelines) The Library also has a multimedia projector and projection screen that is available for use. (See Appendix F for guidelines).

J. E-Reader Use

The Livingston County Library has e-Readers available for checkout. Two basic Nooks and two basic Kindles are available for a two-week checkout period. These units are primarily for use with the Library's e-Books. (See Appendix for G for guidelines)

K. Tablet and Laptop Policy

The Library has several tablets and laptops available for in-library use for Livingston County Library cardholders age 16 and older in good standing with the Library. Removal of a Library tablet or laptop will be considered theft and reported to law enforcement. All applicable laws will apply. (GUIDELINES NOT YET ESTABLISHED)

L. Mobile WiFi Hotspot Lending Program Policy, *Adopted September 16, 2021*

The Livingston County Library is pleased to loan free *Mobile WiFi Hotspot Kits* (hotspots) to patrons to increase their access to the Internet and the library's many digital resources. A mobile WiFi Hotspot is a small device you can use to connect a wireless-enabled device, such as a laptop, smartphone, or tablet to the Internet. Hotspots are portable, so you can connect up to twelve (12) devices to the Internet anywhere service is covered by the Sprint/T-Mobile/Beacon network within the United States.

ELIGIBILITY AND LOAN PERIOD

- The Livingston County Library lends hotspots to patrons ages sixteen (16) and older with library cards in good standing (no fines, fees, or unreturned items on their account for the household).

- Parents and/or caregivers can check out hotspots for their children's use for educational purposes with the understanding the devices are CIPA (Children's Internet Protection Act) compliant.
- Patron(s) must establish a good lending relationship with the library before they are allowed to check out the library's technology. Patron(s) new to the library will be placed on a 45-day probationary period before the technology can be checked out. During this probationary period, the patron must perform a minimum of five (5) successful checkout/returns of library materials which can include the use of in-house technology.
- Hotspots are available on a first-come, first-served basis and the loan limit is one (1) hotspot device per household at any given time.
- The lending period is 2 (two) weeks.
- The hotspot can be reserved or placed on hold.
- The hotspots will not loan or be sent in delivery to other Missouri Evergreen libraries.

CHECKOUT, RETURNS, AND LOST/DAMAGE FINES

- To borrow a hotspot, a patron must present their library card to the Circulation Staff and complete a loan agreement form. Once a hotspot is checked out to a patron, it becomes the responsibility of that patron.
- Any changes in condition or content while in the patron's care will be the patron's responsibility.
- The patron is responsible for damage, loss, theft, and/or International Roaming charges accrued due to data usage outside of the United States.
- If any technical problems are encountered, patrons should return the device immediately to the Circulation Staff.
- Device will become deactivated after it becomes overdue.
- Hotspots MUST be returned to a staff member at the Livingston County Library Circulation Desk and may not be returned in the book drop or at another library system.
- An overdue charge of \$5.00 per day up to the full replacement cost of \$105.00 will be charged for a hotspot that is not returned. Overdue hotspots will have Internet access deactivated within 48 hours beyond their due date and cannot be reactivated by the patron.
- Repeated attempts by library staff to secure the return of device(s) and/or components will result in the suspension of privileges for technology.
- Patrons are responsible for replacement costs if the hotspot or any parts are lost, stolen, damaged, or not returned:

Item Replacement Cost

Mobile Beacon Mobile Hotspot Device \$75.00

USB Type-C Charging Cable & AC Adapter \$15.00

Carrying Case \$15.00

Mobile WiFi Hotspot Kit \$105.00

- Regarding unresolved fees or fines, the Livingston County Library will send a letter to the patron/household responsible for the fees or fines and carbon copy the letter to the Prosecuting Attorney.

INTERNET, DEVICE, AND INFORMATION USE/MISUSE

While using the library's hotspot patrons are governed by the same rules as the Library's Internet Policy. Patrons are responsible for the Internet use of any minors while using the hotspot.

The Livingston County Library is not responsible for any liability, damages, or expense resulting from the use or misuse of the hotspot device, connection of the device to other electronic devices, or data loss resulting from the use of the device and/or connection to the Internet. Wireless security is not implied. The user acknowledges and accepts all risks associated with the use of the wireless data device. There is no warranty, express or otherwise.

The Livingston County Library is not responsible for any information a user accesses and encounters using a hotspot or any actions a user takes while online. Using the hotspot to access any online content determined to be illegal or obscene according to federal, state, or municipal law will result in the revocation of hotspot borrowing privileges and potentially criminal prosecution. The user will not tamper with the hotspot (hardware and software), or attempt to open, repair, or modify the hotspot in any way.

PRIVACY TERMS

User Internet usage is not tracked by the Library or the Internet service provider. The Library does not have access to or collect specific usage data. The Library does not provide patron information to the service provider. The only data the Library collects about the hotspots are the following:

- Total amount of data transmitted and received by each device during a billing cycle, and
- Anonymous circulation data related to the number of checkouts of each device.

The Library and the Internet service provider do not monitor or track the websites that a user visits or the information that a user enters and/or submits online (i.e., user names, passwords, credit card information, etc.).

M. Confidentiality of Library Records

Agreeing in spirit with the U.S. Privacy Act of 1974 and the "Policy on the Confidentiality of Library Records" adopted by the Council of the American Library Association, the Livingston County Library recognizes that its circulation records and other records identifying the names of library users with specific materials, equipment or rooms are confidential in nature. No such records shall be made available to any agency or individual except as a response to an order or subpoena from a law enforcement body, its agent, or a legislative investigator. Upon receipt of such process,

order or subpoena, the director shall consult with the Board of Trustees and a legal counsel to determine if the process, order, or subpoena is in proper form and if there is a showing of good cause for its issuance in a court of competent jurisdiction. If the process, order, or subpoena is not in proper form or if good cause has not been shown, the library will insist that such defects be remedied. The exception to this policy concerns a parent or legal guardian's rights to view items checked out on their child's card to assist in the retrieval of overdue items. The following policy was adopted by the Board to deal with this particular situation:

The Library tries to protect the confidentiality of all its patrons. With children, though, the Library recognizes the importance of parents knowing what their children have checked out to assist in getting items returned. The Board approved (8/28/08) allowing the staff to provide a list of items checked out on a child's card to the parent or guardian of a child who is under 16. For a child between the ages of 16 and 18, a parent is given a list of items on the child's card if the child has overdue items. Otherwise, permission from the child is needed to release information regarding his or her account.

N. American Library Association Statements

The Freedom to Read and the Library Bill of Rights statements (see Appendix H) issued by the American Library Association are endorsed by the Livingston County Library and its Board of Trustees. It is recognized that these statements are compatible with the goals and objectives of the Livingston County Library and that they serve as added guidance in the use and development of the collection and other resources.

P. Lillian DesMarias Youth Library Gaming Policy, *Approved: April 21, 2022*

The Livingston County Library welcomes teen patrons to use the gaming system installed at the library at the Lillian DesMarias Youth Library. Teens, ages 12-18, must obtain permission from a parent or guardian to utilize these services.

Purpose: Gaming is offered to make the library enticing to the teen service population, to encourage them to visit the library, to develop a love of books and reading, and to expose them to services available at the library.

Accessing the System: Anyone using the gaming system must read and agree to the Gaming Policy before using it. The rules in the policy are set up to ensure proper use of the equipment and facility, and allow fair access to our teen patrons. Failure to follow these rules of conduct will result in the loss of gaming privileges. Any damages or theft that occur to the library’s space, equipment, or gaming equipment will be the responsibility of the patron or patrons using the area at the time the damage occurs. A manual invoice may be generated to pay for damages. A letter explaining the damage charges will be sent to the patron’s home address. This will be handled on a case-by-case basis.

User Agreements and Policy:

1. Teens do not need to be a library member to use the room and equipment.

However, they must have a current permission application on file (to be updated once a year) with guardian agreements and the guardian's current address/phone number to be provided.

2. Each patron is limited to a maximum of one hour of gaming at a time, with an extension at library staff discretion.
3. Patrons must sign up to use the gaming system at the front desk. Any backpacks must be left in the designated area. At the time of sign-up, the patron will be given the controllers and/or other accessories that are needed to play. After the play period is up, the patron must check the items back into a staff member and sign out.
4. No more than 4 people may be in the gaming area at a time unless a special event is being held.
5. Each person will be allowed to check out one controller. One game at a time is allowed for checkout.
6. Users may only use the gaming equipment and games available at the library.
7. Patrons using the gaming area are asked to respect others using the library and keep volume and noise levels low. Headphones may be required. If noise level adherence does not happen, users will be asked to end the session and try again another day.
8. Users are asked to treat the equipment, furniture, and room gently. Those users that do not treat the equipment gently or are too loud and disruptive will be asked by the staff to stop for the day. Users who repeatedly abuse the equipment or noise level will have his/her gaming privileges revoked at the discretion of the Coordinators and Director.
9. Hours will be posted for the gaming room. Users must quit and have the equipment back into the staff by the time given for the room to close.
10. The gaming system is limited to use during specified gaming hours or events. Library programs or use take precedence over individual gaming.
11. Inventory of gaming accessories will be monitored daily by the staff.

Awareness: This policy will be posted in the gaming area. A copy of the signed Gaming Policy will be kept on file by the library. Parents and teens will be given a copy of the policy upon signing the user agreement. Parents wishing to obtain a copy of the rules may obtain one from the service desk of the youth building.

Q. Photography and Filming Policy, *Adopted October 20, 2022*

The Board of Trustees hereby authorizes filming and photography in the Livingston County Library Main Branch and the Lillian DesMarias Youth Library (denoted as the Library herein) with the following guidelines:

Public libraries are classified as "limited public forums," which essentially recognizes that libraries can place "time, place, and manner" restrictions on speech and speech-related activities occurring on their property as long as the restrictions are both reasonable in nature and viewpoint neutral.

Filming and Photography Policy

Classes or events sponsored by the Livingston County Library Main Branch and the Lillian DesMarias Youth Library may be photographed or video recorded by library staff.

Attendance at a Livingston County Library Main Branch and the Lillian DesMarias Youth Library sponsored class or event constitutes the consent of all attendees, and the consent of the parents or legal guardians of any minor children in attendance, to the future broadcast, publication, or other use of photographs or videos at the sole discretion of the Livingston County Library Main Branch and the Lillian DesMarias Youth Library.

The Library may utilize photos and videos from public programs and events within the Livingston County Library Main Branch and the Lillian DesMarias Youth Library, on the library's website or social media, and in library publications. Photos, images, and videos submitted to the library by users for online galleries or contests may also be used by the library for promotional purposes. To ensure the privacy of all individuals, including children, images will not be identified using full names or personal identifying information.

Filming and/or photography by others is allowed as described below only to the extent that it does not interfere with the delivery of library services and is consistent with the Library's mission. All parties involved in filming and photography are expected to follow the Library Behavior Policy.

Persons filming or photographing on library premises have sole responsibility for gaining all necessary releases and permissions from persons who are filmed or photographed and the consent of the parents or legal guardians of any minor children. The Library undertakes no responsibility for obtaining these releases. Presence in the Library is not consent on behalf of patrons for use of their image or likeness by any third party. Failure to obtain releases and permissions from persons being filmed or photographed will be deemed unacceptable behavior for purposes of enforcing the Library's Behavior Policy.

Library staff shall terminate any photo session that violates Library policies or appears to compromise public safety, patron confidentiality, or security. Termination may occur at any time that the activities become incompatible with the normal activity of the Library's use, safety, and function.

Any consent granted according to this policy to permit photography or filming may be revoked at any time upon failure to comply with terms of the policy or other rules and regulations of the Livingston County Library Main Branch and the Lillian DesMarias Youth Library.

NEWS MEDIA FILMING AND PHOTOGRAPHY

The Library disallows using Library facilities as interview venues for unrelated stories and disallows access to Library patrons for opinion polls or interviews within its facilities.

DOCUMENTARY-TYPE FILMING AND PHOTOGRAPHY FOR PUBLICATION OR BROADCAST

The Library permits photography and filming of its premises and activities when the use of such involves the Library directly, i.e. books, articles, or videos about the Library itself, the Library's position as a learning destination, or as part of a piece used to describe Livingston County. AMATEUR FILMING AND PHOTOGRAPHY

Casual amateur photography and videotaping are permitted for patrons and visitors wanting a remembrance of their visit. The use of additional equipment such as lighting is not permitted. Amateur photographers have explicit responsibility for gaining all necessary releases and permissions from persons who are filmed or photographed.

PHOTOGRAPHY FOR GROUPS AND NON-LIBRARY EVENTS IN MEETING ROOMS

Groups renting Library facilities may arrange for photographers and news media during their event. Filming and photography for such events are restricted to the space reserved by the group and may not take place in other areas of the Library without advance authorization of the Library Director.

As part of its information mission and as a public service, the Library may allow for the distribution of free handouts, flyers or publications provided such distribution does not negatively impact the appearance of the Library's public areas.

12. A patron who loses library material(s) is required to reimburse the library for the replacement value of the item(s).

13. The Library assumes no responsibility for damage resulting from the use of library materials or equipment.

Examples of serious offenses include but are not limited to: verbal abuse, violence, threatening behaviors, sexual harassment, vandalism, drug sale or use or attempted drug sale or use, intoxication, theft or attempted theft, physical harassment, sexual misconduct, or any behaviors that threaten the safety and security of staff and/or patrons. The staff member shall call the Police Department rather than place themselves, other staff members, or patrons in a threatening situation.

- The staff member may issue an immediate suspension order by requesting that the offending person leave the Library immediately. If the person refuses to leave the Library premises, the Police Department should be called at the non-emergency number 646-2121. Call 911 if the situation becomes threatening.
- For offenses that do not require immediate suspension of privileges, the offending patron will be issued a warning. Staff shall verbally notify the patron of the action and request that he or she leave the Library premises. If the patron is banned for 3 consecutive days he/she will be suspended.
- Initial suspension of privileges is left to the discretion of the director, but should not exceed 3 months. If the behavior continues after the suspension has been served, the director will

consult with the board and determine if a longer suspension or permanent ban should be implemented.

- An Incident Report shall be written immediately and given to the Library Director for logging and review. Incident Reports shall be written for all suspension orders and verbal actions.

Right of Appeal

A patron with suspended privileges may appeal a suspension in writing to the Library Director within 14 days of the date of the suspension. The patron must state clearly why he/she believes that his/her privileges should be restored.

The Library Director will respond to the appeal in writing within 14 days of the date the appeal was received.

Appendix D Internet Policies and Guidelines**Livingston County Library**

Approved February 20, 2014

1.0 Overview

In adopting the Patron Acceptable Use Policy, the Board of Directors of Livingston County Library is trying to protect its, employees, patrons, partners, and the Library from illegal or damaging actions by individuals, either knowingly or unknowingly.

Internet/Intranet/Extranet-related systems, including but not limited to computer equipment, software, operating systems, storage media, network accounts, web browsing, and FTP, are the property of the Livingston County Library. These systems are to be used in serving the interests of the Library, and of our patrons in the course of normal operations. Please review the Library Policies for further details.

In addition to these policies, Livingston County Library has accepted and approved the Acceptable Use Policy of MORENet (www.more.net/about/policies/aup.html) which may further define the responsibilities and limitations of the use of the library network and computers.

Effective security is a team effort involving the participation and support of every Livingston County Library employee and any patron who deals with information and/or information systems. It is the responsibility of every computer user to know these guidelines and to conduct their activities accordingly.

2.0 Scope

Patrons who use the computers or network of Livingston County Library agree that by using these facilities they will comply with, be subject to and grant the Library the right to implement this policy and conditions of use.

This policy applies to all patrons or visitors who use the computers or network and includes all equipment owned or leased by the Livingston County Library.

3.0 Security

1. The Library expects that all use of electronic information resources such as the Internet will be responsible, ethical, and consistent with the purpose for which these resources are provided. This includes:
 - a. Respecting the privacy of others by not misrepresenting oneself as another user; by not attempting to modify or gain access to files, passwords, or data belonging to others; by not seeking unauthorized access to any computer system, or damaging or altering software components of any network or database.
 - b. Respecting the privacy of others using public computers and networks by not interfering with their use.
 - c. Making only authorized copies of the copyrighted or licensed software or data.
 - d. Not making unauthorized changes to the setup or configuration of the software or hardware.
2. For security and network maintenance purposes, authorized individuals within the Livingston County Library may monitor equipment, systems, and network traffic at any time.
3. Users should not expect total privacy in electronic mail or anything transmitted across the Internet. System administrators may see the contents of e-mail due to addressing errors or as a result of maintaining the network.
4. Users should not expect complete privacy for items that they print. Staff and other patrons can, at times, view what others print.
5. All web activity can be, and in some cases is, logged. The Library reserves the right to view such logs. Such logs are usually kept for 7 to 10 days.

6. It is also the policy of the Library to limit or deny the downloading of Internet scripts and or controls (Java, ActiveX, etc.).
7. For security reasons attaching electronic devices to the Library's internal network, or phone system is prohibited.

4.0 Patron Use

1. The Library provides "Public" computers and a network for access to the Internet as an informational, educational and recreational resource.
2. Reservations for the "Public" computers are on a first-come, first-served basis.
3. A valid Livingston County Library card and a signed consent form (for patrons under 18) are required to use a library computer.
4. "Public" computers may be reserved for a session of 1 hour per day. Reservations are canceled if the computer is not checked out within 10 minutes of the beginning of the session. Sessions may be extended beyond the reservation period if there is no one waiting to use a computer. Special consideration is also given to patrons taking online exams, doing homework, or applying for jobs. Patrons should notify staff to request special consideration.
5. Patrons must inform a library staff member that they want to continue their session if they leave a computer before the expiration of their reserved time. Computers may be checked out to another patron if it is not in use.
6. A "Reference" computer is available for patrons with or without a valid Livingston County Library card for approximately 15 minutes. The "Reference" computer is generally not available for patrons who have used or made a reservation for the "Public" computers, except to briefly check email.
7. The Library provides wireless access to patrons who wish to bring in their own devices to access the Internet. Patrons using the Library's wireless access must abide by the Wireless Network Access Policy.
8. Patrons may print pages from the computers.
9. Files may be downloaded to a USB thumb drive, CD/DVD, or other storage devices.
10. An anti-virus program is installed on all computers. However, the software may not prevent the spread of all viruses, worms, or other damaging programs.
11. Livingston County Library is not responsible for damage to a patron's disk, computer, or other devices, or for any loss of data, damage, or liability that may occur from patron use of the library's computers or wireless access.
12. Filtering software is installed on all library computers by state and federal laws. Patrons who are 18 years of age or older may request that filtering software be disengaged during their reserved time.
13. Patrons agree to observe local, state, and federal laws as they apply to individual use of electronic systems and are solely responsible for violations they or their legal dependents commit. Acts contrary to local, state, or federal laws may result in disciplinary action or consultation with appropriate legal authority.
14. Patrons are not allowed to view or print material that is pornographic for minors as defined in section 573.010 RSMO.
15. The Livingston County Library assumes no responsibility for the use of the Internet by children. Subject to the above restrictions, it is the responsibility of the user (or the parent/guardian) to determine what is appropriate. Parents are advised to supervise their children's Internet sessions.
16. The Livingston County Library does not vouch for or endorse the viewpoints of electronic information.
17. Library staff is unable to provide in-depth training concerning Internet computer jargon, search strategies, or personal computer use.
18. Requests for the purchase and installation of software, services, or hardware may be submitted to the Director. Livingston County Library reserves the right to either accept or deny such requests.
19. Users may not add software that requires an administrative account.
20. Violation of these policies, misuse, or abuse of Library computers or Internet access may result in restriction or suspension of library privileges.

Wireless Network Access Policy

(Approved February 20, 2014)

The Library offers FREE wireless access (aka "hot spots" & "WiFi") for library patrons to use with their own personal notebooks, laptops, and other mobile devices. This access point is unsecured, accessible only during normal library hours, and is unfiltered. A patron's use of this service is also governed by the **Patrons' Acceptable Use Policy for Computer Equipment, Internet, and Network Access Policy**.

NOTE:

As with most public wireless "hot spots," the library's wireless connection is not secure. There can be untrusted parties between you and anybody with whom you communicate, and any information being transmitted could potentially be intercepted by another wireless user. Cautious and informed wireless users should choose not to transmit personal information (credit card numbers, passwords, and any other sensitive information) while using any wireless "hot spot." Please take appropriate precautions when using this service.

Library staff can provide general information for connecting your device to the wireless network, but cannot troubleshoot problems related to your wireless device or assist in making changes to your device's network settings and/or hardware configuration. The Library cannot guarantee that your device will work with the Library's wireless access points.

All wireless access users should have up-to-date virus protection on their laptop computers or wireless devices. The library will not be responsible for any information (i.e. credit card) that is compromised, or for any damage caused to your hardware or software due to electric surges, security issues, or consequences caused by viruses or hacking.

All users are expected to use the library's wireless access legally and responsibly, consistent with the educational and informational purposes for which it is provided.

Use of the Library's wireless network is entirely at the risk of the user. The library disclaims all liability for the loss of confidential information or damages resulting from that loss.

The Library will not reserve space for more than 4 weeks in advance for any group requiring meeting room space on a weekly basis or more than 6 months for a group requiring meeting room space on a monthly basis. 3. Smoking or use of tobacco products is not permitted in the building.
4. All meetings must be during regular library hours and must be concluded 15 minutes before closing unless special arrangements are made with the library director. All lights and electrical appliances should be turned off. Should any damage occur after the library is closed, repair costs will be billed to the person in whose name the room is reserved.

8. Any damage or extra cleaning that is required after an event will be charged at the actual cost of cleaning, repair, or replacement.

Appendix H. American Library Association Statements

The following statements issued by the American Library Association are endorsed by the Livingston County Library and its Board of Trustees. It is recognized that this statement is compatible with the goals and objectives of the Livingston County Library and that it serves as added guidance in the use and development of the collection and other resources.

Freedom to Read

a. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those which are unorthodox or unpopular with the majority.

b. Publishers, librarians, and booksellers do not need to endorse every idea or presentation contained in the books they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what books should be published or circulated.

c. It is contrary to the public interest for publishers or librarians to determine the acceptability of a book based on the personal history or political affiliations of the author.

d. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.

e. It is not in the public interest to force a reader to accept with any book the prejudgment of a label characterizing the book or author as subversive or dangerous.

f. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachment upon that freedom by individuals or groups seeking to impose their standards or tastes upon the community at large.

g. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a bad book is a good one, and the answer to a bad idea is a good one.

Library Bill of Rights

a. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

b. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

c. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

d. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.

e. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

f. Libraries that make exhibit spaces and meeting rooms available to the public they serve, should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Appendix K:**Lillian DesMarias Youth Library Gaming Policy User Agreement**

The Livingston County Library welcomes teen patrons to use the gaming system installed at the Lillian DesMarias Youth Library. Teens, ages 12-18, must obtain permission from a parent or guardian to utilize these services.

Purpose: Gaming is offered to make the library enticing to the teen service population, to encourage them to visit the library, to develop a love of books and reading, and to expose them to services available at the library.

Accessing the System: Anyone using the gaming system must read and agree to the Gaming Policy and Rules before using it. The rules in the policy are set up to ensure proper use of the equipment and facility, and allow fair access to our teen patrons. Failure to follow these rules of conduct will result in the loss of gaming privileges. Any damages or theft that occur to the library's space, equipment, and gaming equipment will be the responsibility of the patron or patrons (and their guardian) using the area at the time the damage occurs. A manual invoice may be generated to pay for damages. A letter explaining the damage charges will be sent to the patron's home address. This will be handled on a case-by-case basis.

User Agreements and Policy:

1. Teens do not need to be library cardholders to use the room and equipment. However, they must have a current permission application on file (to be updated once a year) with guardian agreements and a guardian's current address/phone number to be provided.
2. Each patron is limited to a maximum of one hour of gaming at a time, with an extension at library staff discretion.
3. Patrons must sign up to use the gaming system at the front desk. Any backpacks must be left in the designated area. At the time of sign-up, the patron will be given the controllers and/or other accessories that are needed to play. After the play period is up, the patron must check the items back into a staff member and sign out.
4. No more than 4 people may be in the gaming area at a time unless a special event is being held.
5. Each person will be allowed to check out one controller. One game at a time is allowed for checkout.
6. Users may only use the gaming equipment and games available at the library.
7. Patrons using the gaming area are asked to respect others using the library and keep volume and noise levels low. Headphones may be required. If noise level adherence does not happen, users will be asked to end the session and try again another day.
8. Users are asked to treat the equipment, furniture, and room gently. Those users that do not treat the equipment gently or are too loud and disruptive will be asked by the staff to stop for the day. Users who repeatedly abuse the equipment or noise level will have his/her gaming privileges revoked at the discretion of the Coordinators and Director.
9. Hours will be posted for the gaming room. Users must quit and have the equipment back into the staff by the time given for the room to close.
10. The gaming system is limited to use during specified gaming hours or events. Library programs or

use take precedence over individual gaming.

11. Inventory of gaming accessories will be monitored daily by the staff.

Awareness: This policy will be posted in the gaming area. A copy of the signed Gaming Policy will be kept on file by the library. Parents and teens will be given a copy of the policy upon signing the user agreement. Parents wishing to obtain a copy of the rules may obtain one from the service desk of the youth building.
